# ELECTRIC/GAS DRYERS

## Intelligent Electronic Controls with Dual LED Display and Dial-A-Cycle™

Intuitive controls allow you to 'set it and go'. You can also save your favorite dry cycle by pressing Custom Program. You'll have optimized drying performance with the push of a button.

## FlowSense™ Duct Clogging Indicator

Detects lint build-up and decreased airflow in the duct system and signals that the duct should be cleaned.

## Stackable or Side by Side?

Your Choice. Less space? Try stacking the washer and dryer. More space? Place them side by side or under a counter. Don't want to bend down so far to load or unload clothing? Add our tall drawer pedestals. They're also a great place to store laundry products.
